--------------------	-----------------

President: Ashley Royce

Active Members: 28

Purpose: We are an organization that brings awareness to the field of geriatrics and hospice care to everyone. Our main goal is to provide a collective effort in making sure that patients in Haven Hospice and affiliated living facilities get the help required in making sure that the patient's stay is as comfortable as possible. Our main goals are to maintain an organization that not only provides the much needed support for these patients, but to also be comprised of a strong group of members who are passionate about what they are doing, and who are interested in providing support for other members of this organization. Furthermore, we take pride in volunteering for great non-profit organizations such as Haven Hospice and making sure that we represent our University in a positive light.

Activities: We plan to accomplish these goals through creative methods of awareness. Some of these ideas include planting flowers for the patients at the Hospice, and others include making high quality cards or painting walls with information about the Hospice. With additional funding, we will be able to provide more awareness to these great health centers with even larger ideas such as bringing large blow up balloons with our logo to various parades, such as the homecoming parade. Furthermore, with our passionate members, we will provide a collective effort in making sure that we get our goals accomplished without wasting any money or time.

Proviso: This allocation will exhaust at the end of the fiscal year on June 30, 2019
